### **REASONS FOR ALLOWANCE**

1. The following is an examiner's statement of reasons for allowance: Claims 1-6 are allowable over the prior art of record, because the prior art does not show or suggest the combination of a billiards aiming device comprising a base, a first reference element positioned on the base and extending along a substantially straight line; a first and second handle rotatably mounted to said base at a rotational axis, said first and second handle having a substantially straight inner edge disposed along a line that intersects and is perpendicular to said rotational axis; and a means for imposing symmetrical motion of said first and second handles, so that the angle is substantially equal between the inner edge of said first handle and the inner edge of the second handle and the first reference element.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
